Assistant Commissioner of Patents
Washington, D.C. 20231
Sir:

FIRST RELIMINARY AMENDMENT

Please amend the application as follows:

IN THE ABSTRACT:

Please add the following abstract to the application:

--ABSTRACT

A computing device that provides hardware conversion of flow control predicates associated with program instructions executable within the computing device, detects the beginning and the end of a branch domain of the program instructions, and realizes the beginning and the end of the branch domain at execution time, for selectively enabling and disabling instructions within said branch domain.--

Respectfully submitted,

Patrick O'Shea
